Work Experience

Web Designer, Digital innovation software solution pvt.ltd | Dec 2023 - Present

- Designed and built responsive websites using HTML, CSS, jQuery and Bootstrap 5 to provide a smooth experience on all screen sizes. Worked directly with clients to understand their needs and created custom designs that matched their brand.
- Design social media posts, Banners and logos(simple) using figma.
- Created UI/UX design for websites and mobile Apps using Figma.
- Utilized Figma to create high-fidelity prototypes, wireframes, and interactive design systems, enabling seamless collaboration with developers and stakeholders.
- Converted Figma designs into mobile-friendly websites using HTML, CSS, jQuery, and Bootstrap5.

Web Design Training , Digital innovation software solution pvt.ltd | Apr 2023 - Jun 2023

- Successfully Completed 3 Month Web Design Training at Digital innovation software solution pvt.ltd

Project

Habit Tracker App

- The Habit Tracker is a mobile app that helps users build habits through daily tracking and gamified features. It boosts motivation and consistency with points, badges, and leaderboards.

  Figma UI/UX Mobile App

PetCare App

- Designed a user-friendly PetCare mobile app in Figma to help pet owners manage and take better care of their pets. The app provides a simple and organized experience for accessing pet care information and managing important pet-related activities.

  Figma UI/UX Mobile App

Sports & Gaming Website

- Designed a fully responsive sports and gaming website using HTML, CSS, Materialize CSS and Tailwind css. Created reusable UI components, ensuring consistency and cross-browser compatibility. Worked with the design team to deliver interactive, engaging experiences for users.
